# MERS Defined Contribution *PLUS*

With all of the **financial priorities** you might be juggling, it can be easy to overlook the need to save for retirement.

But let's be honest — we are not going to work forever. It's important to **set aside money** for retirement as early and regularly as you can, because the quality of your non-working years could depend on how much you have been able to save.

When it comes to your retirement, focus on the things you can control!

## Understand Your Savings

You can control how much you save right now! Saving more may be the **single biggest action** you can take to improve your retirement security.

### What is a company match?

Some people consider it to be **free money**. Each employer determines how much they will contribute towards your account, so be sure to check with your employer to see what match they might offer.

### Is it enough?

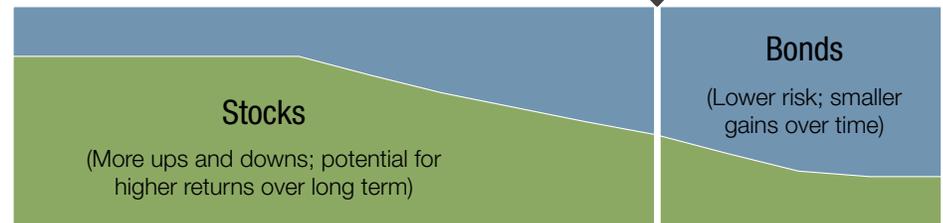

The match limit should not be taken as advice on how much you should invest. Many experts suggest that your annual contribution — your own contribution and the employer match — should equal **10% to 20% of your salary** to be prepared for retirement.

## Invest Your Money

While you can't control the markets, you can control where your money is invested. Initially, your money will be invested in an age-appropriate **Retirement Strategy** fund to help you put your money to work more effectively toward your retirement goals.

### How the Retirement Strategy Fund Works

First, you select the year you expect to retire.

#### Early Career

The fund starts out in mostly stocks where higher gains are expected and the risk of losses can be absorbed over time.

#### Nearing Retirement Age

The fund automatically shifts to more bonds. They earn less, but the risk of sudden losses is reduced.

#### During Retirement

Your money stays invested where stable earnings can help offset your withdrawals over time.

You can change your investment allocation online after you sign-up for your myMERS account. For more information on your investment options, please visit our website.

## Who is MERS?

MERS is an independent, professional retirement services company that serves municipal members across the state of Michigan. MERS listens and works in partnership with our members to deliver superior value that meets our members' needs.

## Monitor Your Progress

This retirement plan is different from the savings account you have at your bank. The point of a retirement plan is to grow your money over time through **compounding investments**.

### Quarterly Statements

Each quarter, you will receive a statement, either by mail or electronically through your myMERS account. These statements will show your **current balance**, **investment performance** and your projected **monthly income** at retirement.

### Snapshot Report

After one calendar year of service, you will receive a customized Snapshot Report, which gives you an idea of your level of **retirement readiness**. Using information provided by your employer along with projected Social Security income, this report shows you how financially prepared you are for retirement.

### Full Picture Report Builder

The Full Picture report builder is available by logging in to your myMERS account at any time. You have the ability to **customize** your financial profile such as retirement date, non-MERS savings and spouse information to create a "full picture" of your retirement readiness.

## Consolidate Your Accounts

You may be able to **roll over / transfer** your money from a qualified retirement plan into your MERS Defined Contribution **PLUS!**

### Why Roll Over to MERS?

**Convenience** – Make it easier to track your investments and manage your account.

**Account Growth** – Our low-cost investments keep more of your money invested for retirement.

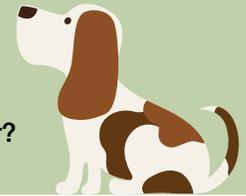

**Access** – Funds transferred to your MERS account remain available according to the terms of your original plan. *For example: Pre-tax funds rolled over from a previous 457(b) account can still be withdrawn, penalty-free, at any time.*

To determine if your plan can roll over to MERS, view our *Rollover Guide* and download the appropriate form from [www.mersofmich.com/rollover](http://www.mersofmich.com/rollover).

**Investment Options** – Access to select investment funds not available to the public.

**Tax Deferred** – Keeping your money invested means it will grow tax-deferred until you withdraw it.

Will You Roll Over?

## Designate Your Beneficiaries

Once your enrollment has been processed, you will be able to designate beneficiaries by downloading and filling out the **Beneficiary Designation Form**. This is an important step to ensure your funds are handled appropriately should something happen to you.

## MERS Helps You Become Retirement Ready

**myMERS online account** offers you a secure login that connects you to your account information, calculators, webinars, and other resources to help you stay on the right retirement track. Visit our website today at [www.mersofmich.com](http://www.mersofmich.com).
